50X1 50X1-HUM Comment. two VPDs are believed to be stationed in Leipzig. Prior to December 1950, the 50X1-HUM Prinz Johann Georg Kaserne on Olbrichtstrasse quartered the former 1st VP Bereitschaft; the Planitz Kaserne on Viertelsweg, the former 2d VP Bereitschaft; and the Koenig Georg Kaserne on Georg-Schumann-Strasse, the former 3d VP Bereitschaft. The last installation tion is believed to quarter the so-called VPD Leipzig II. 50X1-HUM Comment. The organization of an artillery Abteilung as stated in the report is at variance with the Soviet T/O and is therefore doubted. It 150X1-HUM believed that an artillery Abteilung consists of two artillery Zuege with 2 or 3 guns each and one headquarters Zug, whereas signal and engineer sections are probably headquarters units of the artillery Kommando.
